Background of the Project:

The Aspire to Innovate (a2i) Programme builds on the Government of Bangladesh's efforts to introduce a citizen-centric culture of innovation in civil service to improve service delivery and make services more inclusive, affordable, reliable and easier to access. This project will provide support to establish institutional mechanisms and improve accountability to accelerate SDG achievements in Bangladesh.

This project will have three components:

1. Institutionalizing Public Service Innovation and Improving Accountability
2. Catalyzing Digital Financial Services and Fintech Innovations
3. Incubating Private Sector-enabled Public Service Innovation

Background of the assignment:

In its pursuit of a more advanced Bangladesh, the government is steadfastly evolving its approach to citizen and office-centric services, transitioning from the current model to a model that emphasizes intelligent and innovative service delivery through the integration of cutting-edge technologies.

As part of this transformation, the digitization of executive magistrate courts, general certificate courts, and mobile courts is a priority. Implementing digital platforms for judgment processes in these courts will benefit all stakeholders involved in executive court operations, ensuring enhanced transparency and accountability.

To support this initiative, the Aspire to Innovate (a2i) Programme is seeking a **Consultant (eCourt Implementation)**. This role involves providing design and support services both locally and internationally, contributing to the overarching goal of enhancing service delivery in Bangladesh.

- Facilitate training for the officials of field administration and other stakeholders involved in conducting executive court for the purposes of capacity building in the relevant field

- Co-ordination with the relevant government agencies including the office of the Deputy Commissioner (DC) to provide support for the implementation of eCourt activities and relevant e-services.
- Lead in developing a mechanism for updating plan of field level in concern of fast changing technology.

Supervision and Performance Evaluation:

The **Consultant (eCourt Implementation)** will be working with the eCourt team of Aspire to Innovate Programme. A performance evaluation will be conducted by Project Authority, a2i. After the contract period and further continuation of the contract will depend upon the satisfactory performance and availability of funds.

Scope of work, Duties and Responsibilities:

- Develop a comprehensive, sustainable eCourt system model, ensuring integration with existing legal frameworks and long-term scalability.
- Establish a clear implementation roadmap for the eCourt system, including key activities, timelines, milestones, and resource allocation.
- Conduct a thorough needs assessment to identify the technical, operational, and infrastructure requirements for the eCourt system across different administrative levels.
- Identify and mitigate potential risks, including technological challenges, data security concerns, and operational barriers during implementation.
- Collaborate with relevant stakeholders, including legal experts, court officials, and IT teams, to address integration challenges and refine the eCourt design.
- Develop a monitoring and evaluation framework for the eCourt system, with specific KPIs and reporting mechanisms for ongoing impact assessment.
- Design and implement a training plan, including workshops and manuals, to build capacity among field administration officials and stakeholders involved in eCourt operations.
- Coordinate with the Deputy Commissioner's office and other relevant government agencies to ensure alignment and support for eCourt activities and e-services.
- Establish a dedicated technical support and troubleshooting mechanism for ongoing system maintenance and user assistance.
- Create a feedback loop for users of the eCourt system to collect insights for continuous improvement and system optimization.
- Lead the development of a proactive mechanism for updating the eCourt system to keep up with rapidly changing technology and legal requirements.
- Monitor compliance with national laws and regulations, ensuring the eCourt system meets all legal standards for electronic records and digital evidence.
